**Notice of Network Change – Lone Oak, Ky**  
**Replacing Copper Facilities with Fiber and Digital Loop Carrier Systems**

**Carrier**

BellSouth Telecommunications, Inc.  
675 West Peachtree Street NE  
Atlanta, Georgia 30375

**Attachment contains addresses affected by the removal of copper facilities.**

**Date Changes are to Occur:** Fourth Quarter 2007

**Location of Changes:** The area east of Massac Creek along US Hwy 62, excluding Paducah Information Age Park property, west of North Gum Springs Rd, bounded on the south by April Lane, a portion of Massac Church Rd and Annie Dr.

**Description of Change Planned:** Copper Facilities will be replaced with Fiber Optic cable and Digital Loop Carrier systems.

**Description of Reasonably Foreseeable Impact of the Planned Change:** After this work is completed, metallic facilities from the Central Office to the affected area will no longer be available. Unbundled loops that are defined as compatible with Digital Loop Carrier (DLC), e.g., those defined to transport POTS-grade service, will be transferred to the new DLC system. Competitive carriers employing unbundled loops that are defined to require metallic facilities, e.g., Digital Subscriber Line (DSL) or line sharing circuits, will be notified individually. This notification is intended to allow the affected carrier to convert the circuit to one compatible with DLC.

It should be noted that if a competitive carrier obtains an unbundled loop that has been defined to transport POTS-grade service, but then utilizes the POTS-grade loop to provide DSL service, BellSouth will have no knowledge of the presence of DSL. In such a case, BellSouth has no basis to notify the carrier and the ability of the competitive carrier to provide DSL service may be affected.
